Dear Librarian:

In March, we sent you copies of Redwood National Park plans and environmental assessments for two projects for which we were requesting public comment. We have completed the planning and have documented our decision in the enclosed Findings of No Significant Impact (FONSIs) for the 2010 Fire Management Plan and the Streelow Creek Trail Improvements.

The review period for the fire management plan closed on April 16, 2010. The review period for the trail improvement plan closed on April 23.

We would appreciate it very much if you could attach the FONSIs to the other documents and make these available upon request. We will be issuing a news release stating that the FONSIs are available at local libraries. The documents are also available on the internet at <http://parkplanning.nps.gov/REDW>.

If you have any questions, please feel free to contact me at (707) 465-7703 or aida_parkinson@nps.gov.

We appreciate your assistance providing an opportunity for the public to participate in the planning for Redwood National Park.

Sincerely,

Aida Parkinson
Supervisory Environmental Specialist
