

## STATE BOARD OF FORESTRY AND FIRE PROTECTION

Notice Date: December 16, 2005

**NOTICE OF AVAILABILITY**  
of a  
**DRAFT ENVIRONMENTAL IMPACT REPORT**  
**SCH # 2004022025**

In compliance with the California Environmental Quality Act (Public Resources Code § 21000 *et seq.*) and State Board of Forestry and Fire Protection (Board) procedures, notification is hereby given to responsible and trustee agencies, interest groups and the general public, that the Board has completed, and makes publicly available, a Draft Environmental Impact Report (DEIR) for the project described below:

- Project Name:** Jackson Demonstration State Forest Management Plan
- Project Location:** Approximately 76 square miles of forested lands between Willits and Fort Bragg, transected by Highway 20 and within the Noyo and Big River watersheds in Mendocino County.
- Project Description:** The Board of Forestry and Fire Protection is considering adoption of a draft Forest Management Plan (draft Plan) for Jackson Demonstration State Forest (JDSF), a State-owned property managed by the California Department of Forestry and Fire Protection. The property is managed for a variety of benefits, including research and demonstration of forest management techniques, public recreation, watershed improvement, fisheries and wildlife.
- Potentially Significant Effects of the Project:** Forest management and timber harvesting activities, recreational activities, forest management demonstrations, and collection of minor forest products, unless mitigated, may cause environmental effects, such as noise, traffic, aesthetic degradation, changes in fish and wildlife habitat, soil disturbance, reduction in water quality, and interruption of recreational opportunities. The potential effects of these activities may be limited to the project site itself, areas immediately adjacent to the project, other areas within, or outside JDSF. Measures to avoid, minimize, or otherwise mitigate potential significant impacts have been incorporated into the draft Plan and DEIR that reduce those impacts, both individually and cumulatively, to a level considered less than significant.
- Public Comment Period:** The Board has initiated a 60 day comment period. The public and agencies may comment on the adequacy of the DEIR in identifying, analyzing and mitigating the potentially significant environmental effects of adopting the JDSF draft Plan. Comments must be submitted, in writing, by the close of the **60 day comment period, ending on February 14, 2006, at 5 P.M.** to: Board of Forestry and Fire Protection, P.O. Box 944246, Sacramento, CA 94244-2460; or Fax (916) 653-0989; or emailed to: [board.public.comments@fire.ca.gov](mailto:board.public.comments@fire.ca.gov).
- Public Hearing:** The Board will receive public and agency comment, at a public hearing as well as regularly scheduled Board meeting. You may present your comments orally or in writing at the hearing or Board meeting at the time and location identified below:

<b>Public Hearing</b>	<b>Regular Board Meeting</b>
Ukiah, February 2, 2006 1:00 pm to 5:00 pm and 6:00 pm to 8:00 pm Redwood Empire Fairgrounds 1055 North State Street Ukiah, CA 95482	Sacramento, February 9, 2006 9:00 am to Noon 1416 Ninth Street Resources Auditorium Sacramento, CA
