Dear Librarian:

In December 2008, we sent you a copy of an environmental assessment on a proposal to thin second growth forests in the South Fork of the Lost Man Creek in Redwood National Park near Orick.

The National Park Service has completed its analysis of the proposal and documented our decision to implement the proposal in the enclosed Finding of No Significant Impact (FONSI).

We would appreciate if you could attach this FONSI to the environmental assessment and make it available for inspection. The public review period for the assessment ended on February 13 and that document can be removed from public review.

The FONSI is also available on the internet at <http://www.nps.gov/redw/parkmgmt/planning.htm>.

We appreciate your assistance with providing an opportunity for the public to participate in the planning for Redwood National Park. If you have any questions, please feel free to contact me at (707) 465-7703 or aidayarkinson@nps.gov.

Sincerely,

Aida Parkinson
Environmental Specialist
