Dear Librarian:

Enclosed is a copy of an environmental assessment on a proposal to grant deeded rights-of-way (ROW) to Green Diamond Resource Company (GDRCo) for use of some existing roads in Redwood National Park in exchange for park use of some existing GDRCo roads.

We would appreciate if you could make this document available to the public for their review.

We will be issuing a press release announcing that the document will be available at the library during the public review period, which ends on November 14, 2008.

We are sending copies of the environmental assessment to the County Board of Supervisors, affiliated American Indian tribes, government agencies, organizations, and individuals. The document is also available on the internet at <http://www.nps.gov/redw/parkmgmt/planning.htm>.

If you have any questions, please feel free to contact me at (707) 825-5145 or <greg_bundros@nps.gov>.

We appreciate your assistance with providing an opportunity for the public to participate in the planning for Redwood National and State Parks.

Sincerely,

Greg Bundros
Geologist
