Dear Librarian:

In July, we sent you a copy of an environmental assessment to describe a proposal to replace a failing culvert along the Lost Man Creek Bike Trail in Redwood National and State Parks with a bridge. The public comment period on this plan closed August 24, 2009. We have documented the decision to implement the project in the enclosed Finding of No Significant Impact (FONSI.)

We would appreciate it very much if you could include the FONSI with the original environmental assessment and make these available upon request. We will be issuing a news release stating that the FONSI is available at local libraries in Crescent City, McKinleyville, Humboldt State University, and Eureka. The document is also available on the internet at <http://parkplanning.nps.gov> by selecting Redwood NP from the dropdown menu.

If you have any questions, please feel free to contact me at (707) 465-7703 or via e-mail at aida_parkinson@nps.gov.

We appreciate your assistance

Sincerely,

Aida Parkinson
Environmental Specialist
