Cpl. Chet Bosch ('41-'42) writes from Camp Butner, N. C., where he is in Personnel work. He spent eight months at Los Angeles City College studying engineering in the A.S.T.P. before being transferred. He is another strong booster of Nelson Hall as Humboldt's best extra-curricular activity.

Cpl. Ed Burgess ('40-'42) writes from Fort Benning, Ga., where he is attending his fifth Communications School. Ed says that he considers life in Nelson Hall as one of the finest experiences of college.

Sgt. Milt Carlson ('39-'42) sat down to his typewriter to write a long thank-you letter on the same day that he received the July News Letter. That's a commendable example for promptness. He's been on Sotpan for some time and enjoys motion picture shows, good rations, and a windmill for washing.

Pvt. Frank Cerny ('41-'43) was shipped to Parris Island, S. C., from the College of the Pacific. Says that he was expecting to go to an officer's candidate school at New River in September.

Pfc. K. Cotter ('27-'32) writes by V-mail from France where he saw action before Cherbourg. Says the big guns are now far to the south of him.

Sgt. Bill Inskipp ('35-'40) writes about some fine bass fishing in a stream in the Southwest Pacific. Says they come all the way up to eight or ten pounds.

Juanita Kennedy ('40-'42) of the Waves who is at the Naval Air Station in Alameda, sends us a list of the courses she would like to take when she returns to

MENeweather writes

At last the long overdue letter from Sgt. Earl Meneweather ('35-'41) has arrived. First item of information is that he is married but he doesn't give his bride's name or any details of the wedding. Earl was in England for a while and has the greatest admiration for the way in which the English are carrying on. He notes quite a contrast between the cleanliness of England and the destruction in France. Says he has gotten very close to nature, spending much of his time in a hole 3 1/2 feet wide and 3 feet deep. Earl thought that he passed Art McGrath on the road recently but they were going in opposite directions and couldn't stop. What a Humboldt football reunion that would have been!

Humboldt after it is all over. Mrs. McGrath would be glad to get more letters of this kind.

Sp (M) 3/c Bill Lambert ('34) has at present the interesting job of helping in the Navy Post-office in San Francisco. Says that he considers that efficient handling of the mails is one of the greatest aids in morale building for the service men. He is expecting to go overseas any time.

Lt. Jack Lima ('39-'41) has completed his fifty missions in the Italian theatre and is now at his home in Ferrable on a 30-day leave. His crew was shot up pretty badly near Vienna and had to bail out over Yugoslavia but with the help of the Partisans and the Royal Navy were returned to Italy and seven days later were back flying missions again.

Pfc. Bill McMillan ('41-'42) is reported by his father to be somewhere in New Guinea. Says he can't tell us what he is doing but what he was training for would be very interesting if he ever got to do it.

He was a member of the heavy bombardment group recently awarded the Distinguished Unit Citation for its gallant stand against more than 200 enemy fighters which intercepted and attacked the formation on its way to a target within the borders of the Third Reich, although the Fortresses were overwhelmingly outnumbered. Sgt. Allison, who has flown fifty combat missions over enemy territory, has been awarded the air medal with three Oak Leaf Clusters for "meritorious achievement" in his continued action against the enemy. Kenneth is now on furlough in a rest camp at Santa Monica, California.

Lt. Bill Arvola ('38-'39) is meteorologist at the Base Weather Station, Sellige Field, Michigan, according to word received from his parents. He is following in the footsteps of his older brother, Toivo.

(Continued on page 8)

Our mailing list has again been revised in an effort to bring it up-to-date—many hours have been spent on this task, but there are still too many incorrect addresses. Your families and friends have been grand about phoning and mailing us new addresses and we do appreciate all the help given us in this matter. If you recognize incorrect addresses, how about dropping us a letter or card with the correct address or at least notify us of the change so that we can obtain the new address. Mail is not always returned to us, and we have no other way of knowing that an address is incorrect and that mail is not being received.

You will notice that there are three lists of names—those serving in the States, those serving overseas, and those whose addresses are unknown. As you probably know, the Office of Censorship in Washington will not allow unit identifications in published addresses of any service personnel overseas or about to embark, or ship identification of Navy men. The form permissible for publication is not sufficient for delivery of mail overseas, but we would be glad to send complete addresses upon request.
